Subject :- Fire Fighting School.

The Government of India propose to set up a Fire Fighting School in order to give training to officials or non-officials with a view to enabling them to take command of Fire Fighting Services.

2. The School would probably be in or near Calcutta and about 30 candidates could be trained at a time.

The course, which would last for five weeks, would give instructions in the organization and operation of fire brigades, the training of personnel and the latest methods of fire fighting.

3. The Railway Board desire to know whether you wish to send students to the School and if so, how many you will like to be trained. The information is required as soon as possible and an early reply will, therefore, be appreciated.
